

CAPABILITY STATEMENT

MINING - NPI

CAPABILITY STATEMENT - MINING-NPI

PORT HAVEN, CENTRAL FACILITIES, BHP

OVERVIEW

Peritas Group have a long-standing history with mining projects across Australia. More predominantly in Western Australia, we have delivered in excess of 50 projects over the past 10 years ranging from \$1- \$380 million in construction value. The industrial and mining sectors are the cornerstone of our business and we are renowned for our quality, service and delivery. We deliver high quality detailed engineering solutions across a variety of non-process infrastructure (NPI) and process infrastructure structures.
